

# YEAR 4 TIMES TABLE CHECK 2026

# AIMS OF THIS SESSION

- The test
- Strategies used in school
- Challenge
- Heatmaps
- How you can support at home
- Opportunity to work alongside your child
- Questions

# THE TEST

Every child in Year 4 across the country takes part in a times table test. The test consists of all the times tables up to  $12 \times 12$ . Each child is given 25 questions and has 6 seconds to answer each question. They will only have multiplication questions, not division. They need to be confident in inputting their answers.

# WHY?

The test enables us to check the fluency of times tables. This is important as this greatly supports them in future mathematic areas as they progress through KS2. Any gaps found, will enable us to support your child during the rest of their education.

## When will this happen?

Monday 1st June to Friday 12th June.

## How is the test set up?

- Chromebook
- 1:1 supervision or small groups

# SUPPORT DURING THE TEST

Access arrangements that are available for individuals we feel may benefit from extra support.

- Delay between questions
- Change the background colours
- Adult inputs the answers
- Adult reads the questions

# WHAT DO WE ALREADY DO?

- Jamming
- Gig
- Soundcheck
- Versus

 **BASELINE**  Name: \_\_\_\_\_  
Date: \_\_\_\_\_

1	5 × 6 = _____	17	8 × 6 = _____	33	60 + 6 = _____

### The 3 Times Table

Get your class on their feet and learning the 3 times table using Professor Pipette's fun song and movement routine.

KS2 • Ages 7-11

### The 6 Times Table

Manchester United's mascot, Fred the Red has a song and movement routine to help students learn the 6 times table.

KS2 • Ages 7-11

### The 7 Times Table

The Manchester City mascot, Moonbeam has a song and movement routine to help students learn the 7 times table.

KS2 • Ages 7-11

### The 8 Times Table

Leicester mascot, Filbert Fox has a song and movement routine to help students learn the 8 times table.

KS2 • Ages 7-11

# Math Tips and Tricks

## 9 Times Table

	1st Trick	2nd Trick	3rd Trick
$9 \times 1 = 09$	09	$0 + 9 = 9$	09
$9 \times 2 = 18$	18	$1 + 8 = 9$	18
$9 \times 3 = 27$	27	$2 + 7 = 9$	27
$9 \times 4 = 36$	36	$3 + 6 = 9$	36
$9 \times 5 = 45$	45	$4 + 5 = 9$	45
$9 \times 6 = 54$	54	$5 + 4 = 9$	54
$9 \times 7 = 63$	63	$6 + 3 = 9$	63
$9 \times 8 = 72$	72	$7 + 2 = 9$	72
$9 \times 9 = 81$	81	$8 + 1 = 9$	81
$9 \times 10 = 90$	90	$9 + 0 = 9$	90

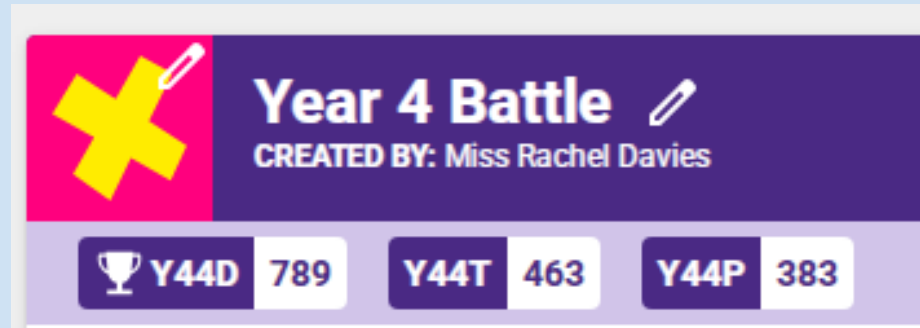

Tips and tricks

$7 \times 9 =$

$1 \times 4 = 4$	$1 \times 8 = 8$
$2 \times 4 = 8$	$2 \times 8 = 16$
$3 \times 4 = 12$	$3 \times 8 = 24$
$4 \times 4 = 16$	$4 \times 8 = 32$
$5 \times 4 = 20$	$5 \times 8 = 40$
$6 \times 4 = 24$	$6 \times 8 = 48$
$7 \times 4 = 28$	$7 \times 8 = 56$
$8 \times 4 = 32$	$8 \times 8 = 64$
$9 \times 4 = 36$	$9 \times 8 = 72$
$10 \times 4 = 40$	$10 \times 8 = 80$
$11 \times 4 = 44$	$11 \times 8 = 88$
$12 \times 4 = 48$	$12 \times 8 = 96$

Class and year group battles

# CHALLENGE

My child is already getting 25/25 consistently. How can we challenge them?

- Different tables beyond 12 x 12 - we'll set the groups and they can access this on their heatmap.
- Learning the divisions
- Missing number questions

# HEATMAPS

At parents evening we gave you your child's Autumn heatmap. This map shows you which questions they're attempting, the speed and accuracy. It's important that when playing online that your child is the only one attempting this as we use the map to work on next steps for your child. Heatmaps can be accessed on TTRS. If you did want to play with them then website [timestables.co.uk](https://www.timestables.co.uk) has a testing option.

	10	2	5	3	4	8	6	7	9	11	12
